CKD MANAGEMENT PROGRAM

As the area leader in Renal Care, the clinical team at Crest Pointe works in partnership with Board Certified Nephrologists to provide specialized care to patients with chronic kidney disease (CKD) and related diagnoses.

Preserving kidney function and preventing further decline are the primary objectives of our Chronic Kidney Disease Management program. When caught early it is possible to slow, stop or even reverse CKD depending on the cause.

SPECIFICALLY, OUR PROGRAM AIMS TO:

- ✓ Reduce CKD Symptoms
- ✓ Decrease Disability
- ✓ Increase Quality of Life
- ✓ Promote Independence
